INTRODUCTION

The annual Criminal Justice Profile series summarizes and combines data pertaining to California's criminal justice system. Separate publications are available for each county and the state. Much of the data presented in the Statewide Profile supplements the Bureau of Criminal Statistics (BCS) annual Crime and Delinquency publication, and is available upon request. Criminal justice data not provided in either the Profile series or the Crime and Delinquency report may be available from the Bureau on a special request basis.

Each Profile consists of two sections. The first section displays annual criminal justice data in tabular form for 1971 through 1980. The second section contains reference tables displaying selected data for 1980.

CRIMINAL JUSTICE DATA

Trend data in the Profile are reported to BCS by state and local agencies and have been summarized for each year. This section provides the individual county or statewide totals for selected criminal justice activities in tabular form. Tables are provided on crimes, arrests, processes, personnel, expenditures, and correctional actions.

Where used, population data are shown in hundreds and can be converted to original numbers by adding two zeros. For example, the state population for 1980 is shown as 237,730, which converts to a population total of 23,773,000.

REFERENCE TABLES

The individual reference tables in this section cover data for 1980 on crimes reported, adult and juvenile arrests, prosecution, and juvenile probation.

Each county publication contains jurisdictional data. The statewide publication relates to California counties.

CRIMINAL JUSTICE DATA FOOTNOTES

- 1 Possession of limited quantities of marijuana was changed from a felony to a misdemeanor by legislation effective January 1, 1976. Juvenile misdemeanor drug law violations were included in the felony category prior to 1973.
- 2 Data for 1973 through 1980 are not comparable with prior years due to changes in offense groupings.
- 3 Caseload is a one day count taken on December 31 of each year.
- 4 Adult probation removals exclude the all other category which includes deceased, transferred to another county, sentence vacated, and appeal approved. Adult lower court probation removals for 1976 include estimated data for Alameda County based on the 1977 proportions reported. Juvenile probation subsequent petitions filed include all cases dismissed, transferred, or remanded to adult court.
- 5 Previously published court data through 1974 are not comparable with data for 1975 and subsequent years.
- 6 Previously published superior court filings data through 1974 are not comparable with data for 1975 and subsequent years.
- 7 Totals have been rounded and are shown in thousands. Expenditures include salaries and employee benefits, services, and supplies. Building construction is not included. Prior to 1976 family support was not fully reported by prosecution. Expenditure and personnel data are not comparable with each other.
- 8 Includes costs for Juvenile Justice Commission, Delinquency Prevention Commission, jurors, interpreters, examination of the insane, juvenile court referees, jury commissioners, and other court-related expenses.
- 9 One day count of personnel taken June 30 with the exception of police departments, sheriffs' departments, California Highway Patrol, and University of California Police (includes state colleges) which were taken December 31 in 1971 and 1972 and October 31 in 1973 through 1980, and probation personnel counts taken November 1. Personnel counts for Lawrence Radiation Laboratory were not available prior to 1980. Personnel and expenditure data are not comparable with each other.
- 10 Incomplete reporting prior to 1973.
- 11 Count for county and city jails and camps and juvenile nonsecure and secure facilities taken on the fourth Thursday of September each year. Count for active adult and juvenile probation caseload and juvenile halls, camps, ranches, homes, and schools taken December 31 of each year.
- 12 Resident population is by county of operation for years prior to 1974. Resident population is by county of wardship for 1974 through 1977. Commencing in 1978 data will be shown as county probation detention, nonsecure and secure facility counts.

Notes: To maintain consistency with prior years' data, the arson crimes reported in 1980 are excluded from the FBI Crime Index trend data (page 5), but are included in the 1980 reference tables (page 19).

Rates on crimes and arrests may differ from those of previous reports. Revisions are calculated from population estimates based on preliminary 1980 census data released by the U.S. Bureau of the Census.

Rates on Seven Major Offenses, clearances, and arrests are not computed where population is less than 100,000.

Rates may not balance due to rounding.

Percents may not total 100.0 due to rounding.

Percent distributions are not calculated when the total number upon which those percents are based is less than 50. This does not apply to clearance rates on the Seven Major Offenses.

NOTE: IT IS ESTIMATED THAT STATEWIDE DATA ARE 30 PERCENT UNDERREPORTED. INDIVIDUAL COUNTIES MAY VARY.

KNOWN DATA LIMITATIONS, 1980

CRIMES SEVEN MAJOR OFFENSES

- Oakland Police Department (Alameda County) theft (\$200 and over) crimes are underreported, and theft (under \$50) crimes are over-reported for January through May.

ARRESTS

- Newport Beach Police Department (Orange County) misdemeanor arrest citations were not reported.

ADULT PROBATION

- The data include only those adults placed on supervised probation.
- Data are limited to original grants of probation and do not include subsequent grants of probation to persons already under probation supervision in the same county.
- Persons on probation in more than one county or under the jurisdiction of both superior and lower courts are counted more than one time.
- Data were obtained from summary reports (containing counts only) provided by all county probation departments except one. The Alameda County Probation Department provided computer tape records of individual reports on each probationer.

JUVENILE PROBATION

- Because of variability in reporting by the Los Angeles County Probation Department, some underreporting occurred in the latter part of 1978, 1979, and 1980. By agreement with the agency, estimates were developed that more fully represent the number of initial referrals, initial petitions, and case removals handled by the department. Statewide data for these three types of transactions reflect Los Angeles County adjustments. However, offense distributions could not be estimated, therefore, these data for statewide and Los Angeles County are not shown.
- The number of Los Angeles County juvenile arrests referred to probation was used as a base to determine the approximate number of initial referrals, initial petitions, and removals during the year. For the first seven months of 1980, Los Angeles County initial referrals, initial petitions, and removals were proportionally consistent with juvenile arrests referred to the probation department. The last five months of initial referrals, petitions, and removals were estimated to retain that level of consistency. These annual estimates for Los Angeles County were added to data for the other 57 counties to produce statewide figures.
- In cases where a juvenile has multiple petitions filed for more than one offense, only the petition with the most serious offense is recorded. This accounts for the differences between Bureau of Criminal Statistics counts and the statistics generated by the Administrative Office of the Courts, which counts the number of petitions processed.

**DISPOSITIONS OF ADULT FELONY ARRESTS
AS REPORTED BY THE OFFENDER-BASED TRANSACTION STATISTICS SYSTEM**

- There is an important difference between arrests compiled through the Bureau of Criminal Statistics (BCS) arrest reporting system and Offender-Based Transaction Statistics (OBTS) data on the dispositions of adult felony arrests. Arrest data, as reported on the Monthly Arrest and Citation Register, are based on the year the arrest occurred. OBTS data pertain to the year of final disposition regardless of when the felony arrest occurred, and may be reported a year or more after the actual arrest was made.
- OBTS data do not reflect the total number of adult felony arrests or the total number of dispositions at any particular level of the criminal justice system during a given disposition year. It is estimated that, in 1980, OBTS reports were received by BCS for approximately 70 percent of the total adult felony arrests which received a final disposition during the calendar year. Despite under-reporting, those arrest dispositions which were received generally describe the annual statewide processing of adult felony arrestees through California's criminal justice system. However, county and local data should be used with caution since the extent of under-reporting may vary between jurisdictions and from year to year.
- In cases where an individual is arrested and charged with multiple offenses, the OBTS system records only the most serious offense at both the time of arrest and the point of conviction. The seriousness of the offense is based on the severity of possible punishment. This and underreporting account for the differences between OBTS counts and statistics generated by the Administrative Office of the Courts, which counts individual acts.
- OBTS data on commitments to state institutions from lower and superior courts may vary from data compiled and reported by other state agencies because of differences in the data collection systems. For example, the California Department of Corrections (CDC) counts the number of defendants actually received by CDC institutions (e.g., prison) even though some may have been committed from one or more counties. The OBTS system, on the other hand, counts each commitment.

INTRODUCTION

The annual Criminal Justice Profile series summarizes and combines data pertaining to California's criminal justice system. Separate publications are available for each county and the state. Much of the data presented in the Statewide Profile supplements the Bureau of Criminal Statistics (BCS) annual Crime and Delinquency publication, and is available upon request. Criminal justice data not provided in either the Profile series or the Crime and Delinquency report may be available from the Bureau on a special request basis.

Each Profile consists of two sections. The first section displays annual criminal justice data in tabular form for 1972 through 1981. The second section contains reference tables displaying selected data for 1981.

CRIMINAL JUSTICE DATA

Trend data in the Profile are reported to BCS by state and local agencies and have been summarized for each year. Individual county or statewide totals for selected criminal justice activities are provided in tabular form in this section. Tables are provided on crimes, arrests, processes, personnel, expenditures, and correctional actions.

Where used, population data are shown in hundreds and can be converted to original numbers by adding two zeros. For example, the state population for 1981 is shown as 241,960, which converts to a population total of 24,196,000.

REFERENCE TABLES

The individual reference tables in this section cover data for 1981 on crimes reported, adult and juvenile arrests, prosecution, and adult and juvenile probation.

Each county publication contains jurisdictional data. The statewide publication relates to California counties.

CRIMINAL JUSTICE DATA FOOTNOTES

- 1 Possession of limited quantities of marijuana was changed from a felony to a misdemeanor by legislation effective January 1, 1976. Juvenile misdemeanor drug law violations were included in the felony category in 1972.
 - 2 Data for 1973 through 1981 are not comparable with 1972 data due to changes in offense groupings.
 - 3 Caseload count taken December 31 of each year.
 - 4 Adult Probation: Removals exclude the all other category which includes deceased, transferred to another county, sentence vacated, and appeal approved. Lower court probation removals for 1976 include estimated data for Alameda County based on the 1977 proportions reported. Terminations and violations are shown both numerically and as a percent of total removals. Juvenile Probation: Subsequent petitions filed include all cases dismissed, transferred, or remanded to adult court.
 - 5 Previously published court data through 1974 are not comparable with data for 1975 and subsequent years.
 - 6 Previously published superior court filings data through 1974 are not comparable with data for 1975 and subsequent years.
 - 7 Totals have been rounded and are shown in thousands. Expenditures include salaries and employee benefits, services, and supplies. Building construction is not included. Prior to 1976 family support was not fully reported by prosecution. Expenditure and personnel data are not comparable with each other.
 - 8 Includes costs for Juvenile Justice Commission, Delinquency Prevention Commission, jurors, interpreters, examination of the insane, juvenile court referees, jury commissioners, and other court-related expenses.
 - 9 One day count of personnel taken June 30 with the exception of police departments, sheriffs' departments, California Highway Patrol, and University of California Police (includes state colleges) which were taken December 31 in 1972 and October 31 in 1973 through 1981, and probation personnel counts taken November 1. Personnel counts for Lawrence Radiation Laboratory were not available prior to 1980. Personnel and expenditure data are not comparable with each other.
 - 10 Incomplete reporting prior to 1973.
 - 11 Count for county and city jails and camps and juvenile nonsecure and secure facilities taken the fourth Thursday in September of each year. Count for active adult and juvenile probation caseload and juvenile halls, camps, ranches, homes, and schools taken December 31 of each year.
 - 12 Resident population is by county of operation for years prior to 1974. Resident population is by county of wardship for 1974 through 1977. Commencing in 1978 data will be shown as county probation detention, nonsecure and secure facility counts.
- Notes: To maintain consistency with prior years' data, the arson crimes reported in 1980 and 1981 are excluded from the FBI Crime Index trend data (page 5), but are included in the 1981 reference tables (page 19).
Rates on crimes and arrests may differ from those of previous reports. Revisions are calculated from current population estimates based on 1980 census data compiled by the Population Research Unit of the California Department of Finance.
Rates on Seven Major Offenses, clearances, and arrests are not computed where population is less than 100,000.
Rates may not balance due to rounding.
Percents may not total 100.0 due to rounding.
Percent distributions are not calculated when the total number upon which those percents are based is less than 50. This does not apply to clearance rates on the Seven Major Offenses.
Juvenile Status Offenses were formerly titled Delinquent Tendencies.

^ADATA ARE BASED ON 57 COUNTIES' INDIVIDUAL REPORTS, AND SUMMARY DATA FROM LOS ANGELES COUNTY.

KNOWN DATA LIMITATIONS, 1981

ARRESTS

- Downey Police Department (Los Angeles County) misdemeanor arrest citations were not reported.

DISPOSITIONS OF ADULT FELONY ARRESTS AS REPORTED BY THE OFFENDER-BASED TRANSACTION STATISTICS SYSTEM

- There is an important difference between arrests compiled through the Bureau of Criminal Statistics (BCS) arrest reporting system and Offender-Based Transaction Statistics (OBTS) data on the dispositions of adult felony arrests. Arrest data, as reported on the Monthly Arrest and Citation Register, are based on the year the arrest occurred. OBTS data pertain to the year of final disposition regardless of when the felony arrest occurred, and may be reported a year or more after the actual arrest was made.
- OBTS data do not reflect the total number of adult felony arrests or the total number of dispositions at any particular level of the criminal justice system during a given disposition year. It is estimated that, in 1981, OBTS reports were received by BCS for approximately 70 percent of the total adult felony arrests which received a final disposition during the calendar year. Despite under-reporting, those arrest dispositions which were received generally describe the annual statewide processing of adult felony arrestees through California's criminal justice system. However, county and local data should be used with caution since the extent of under-reporting may vary between jurisdictions and from year to year.
- In cases where an individual is arrested and charged with multiple offenses, the OBTS system records only the most serious offense at both the time of arrest and the point of conviction. The seriousness of the offense is based on the severity of possible punishment. This and underreporting account for the differences between OBTS counts and statistics generated by the Administrative Office of the Courts, which counts individual acts.
- OBTS data on commitments to state institutions from lower and superior courts may vary from data compiled and reported by other state agencies because of differences in the data collection systems. For example, the California Department of Corrections (CDC) counts the number of defendants actually received by CDC institutions (e.g., prison) even though some may have been committed from one or more counties. The OBTS system, on the other hand, counts each commitment.

ADULT PROBATION

- The data include only those adults placed on supervised probation.
- Data are limited to original grants of probation and do not include subsequent grants of probation to persons already under probation supervision in the same county.
- Persons on probation in more than one county or under the jurisdiction of both superior and lower courts are counted more than one time.
- Data were obtained from summary reports (containing counts only) provided by all county probation departments except one. The Alameda County Probation Department provided computer tape records of individual reports on each probationer who was placed on or removed from probation from January 1, 1981 through March 31, 1981, and monthly summary reports from April through December, 1981.

JUVENILE PROBATION

- Because of variability in reporting by the Los Angeles County Probation Department, some underreporting occurred in the latter part of 1978, 1979, 1980, and 1981. By agreement with the agency, estimates were developed that more fully represent the number of initial referrals and initial petitions handled by the department. Statewide data for these two types of transactions reflect Los Angeles County adjustments. Offense distributions could not be estimated; therefore, these data for statewide and Los Angeles County are not shown.
- The number of Los Angeles County juvenile arrests referred to probation was used as a base to determine the approximate number of initial referrals and initial petitions during the year. For the first nine months of 1981, Los Angeles County initial referrals and initial petitions were proportionally consistent with juvenile arrests referred to the probation department. The last three months of initial referrals and petitions were estimated to retain that level of consistency. These annual estimates for Los Angeles County were added to data for the other 57 counties to produce statewide figures.
- In 1981, the new juvenile justice reporting system included 54 counties. Alameda, Los Angeles, San Diego, and Santa Clara counties are still reporting in the old format.
- In cases where a juvenile has multiple petitions filed for more than one offense, only the petition with the most serious offense is recorded. This accounts for the differences between Bureau of Criminal Statistics counts and the statistics generated by the Administrative Office of the Courts, which counts the number of petitions processed.

CRIMINAL JUSTICE GLOSSARY

CRIMINAL JUSTICE GLOSSARY¹

ACQUITTAL: a judgment of a court, based either on the verdict of a jury or a judicial officer, that the defendant is not guilty of the offense(s) for which he has been tried.

ADULT: a person 18 years of age or older.

APPEAL: a petition initiated by a defendant for a rehearing in an appellate court of a previous sentence or motion.

ARREST: "... taking a person into custody, in a case and in the manner authorized by law. An arrest may be made by a peace officer or by a private person." (P.C. 834)

ARREST RATE: the number of arrests per 100,000 general population.

CALIFORNIA REHABILITATION CENTER (CRC): an institution operated by the Department of Corrections which is designated for the treatment of persons addicted to narcotics or in imminent danger of addiction. Commitment to the facility is by civil procedure only.

CALIFORNIA YOUTH AUTHORITY (CYA): the state agency which has jurisdiction over and maintains institutions as correctional schools for the reception of wards of the juvenile court and other persons committed from justice, municipal, and superior courts.

CLEARANCE: an offense is cleared or "solved" for crime reporting purposes when at least one person is arrested, charged with the commission of the offense, and turned over to the court for prosecution or cited to juvenile authorities. In certain situations a clearance may be counted by "exceptional" means when the police definitely know the identity of the offender, have enough information to support an arrest, and know the location of the offender but for some reason cannot take the offender into custody.

¹These glossary terms are intended for this specific publication.

CLEARANCE RATE: method used to determine the percentage of crimes cleared. The rate is based on the number of total crimes reported.

CLOSED AT INTAKE: a case closed by the probation department at the time the juvenile is referred to the department, following an investigation of the juvenile's circumstances and nature of the alleged offense. No further action is taken.

COMPLAINT: a verified written accusation, filed by a prosecuting attorney with a local criminal court, which charges one or more persons with the commission of one or more offenses.

CONTROLLED SUBSTANCE: a drug, substance, or immediate precursor which is included in Schedules I through V inclusive, as set forth in Health and Safety Code Section 11054 through 11058. These would include heroin, marijuana, amphetamines, barbiturates, and psychedelics.

DISPOSITION – COURT: an action taken as the result of an appearance in court by a defendant. Examples would be: adults – dismissed, acquitted, or convicted and sentenced; juveniles – dismissed, transferred, remanded to adult court, placed on probation, or sentenced to the California Youth Authority.

Examples of a police disposition are: adults – released by law enforcement, referred to another jurisdiction, or a misdemeanor or felony complaint filed; juveniles – handled within the department, referred to another agency, or referred to the probation department or juvenile court. (Uniform Crime Reports)

DISPOSITION – PROSECUTOR: an action taken as the result of complaints which were requested by the arresting agency. Dispositions include granting a misdemeanor or a felony complaint, or denying a complaint for such reasons as lack of corpus, lack of probable cause, interest of justice, victim declines to prosecute, witnesses unavailable, illegal search and seizure, combined with other counts, etc.
